TECHNICAL LAND QUESTION ARGUED

Surveyor General W. S. Kingsbury and Deputy Attorney General Melvin C. Glenn of Sacramento spent Monday in this city. They were here to attend the trial of the case of W. E. Hansen against W. S. Kingsbury as surveyor general which is a formal action to determine the intent of the new laws governing state school land selections.

Mr. Hansen has been a resident of the coast for a number of years owning a ranch near Caspar and it seems that there was a 40 acre tract of land on his ranch had been reserved by the government as a lighthouse site. When the light house was built at Point Cabriilo this land was relinquished by the govornment and thrown open to entry.

Hansen found out that some one had filed application to have it selected as lieu land and immediately applied to have the court determine whether the land was suitable for cultivation. The surveyor general held that as long as Hansen did not purchase scrip that he had no case and Hansen claims that as some one else has purchased the scrip that this covers the ground. Mannon & Mannon represent Hansen. The case was argued Monday and submitted to Judge White for decision.

MILL CREEK ROAD BEST IN VALLEY

The road up Mill creek canyon back of the state hospital is a revelation after traveling over the ordinary Mendocino county roads. It is in perfect condition and as smooth as a floor and is really a pleasure to drive over. This condition was secured through the cooperation of Supervisor Smith, the state hospital and several neighboring ranchers and August Figone and the other members of the Italian colony. The road was worked with the grader up to Figones and then finished with a split log drag. From Figones up to the Terraces the road has also been well kept up by Mr. Purdy and while the elevation at the Terraces is 2300 feet the road is of such an easy grade and is so well kept up that it is easy of access to automobiles. It is announced that this road will be worked this way every year until it is one of the best in the state. Next year a good foot path will be built the entire length.

RETURNS AFTER MANY YEARS

Dr. and Mrs. H. K. McClelland came to this city recently from San Francisco and the doctor announces that he will open offices in the Masonic building. WANT TO BEAUTIFY THE M'GARVEY PARK

The ladies of the Saturday afternoon club are again to the fore in an endeavor to beautify the town. They have prepared and submitted to the board of town trustees a plan for beautifying McGarvey park. Their idea is to have the park laid off with walks leading from each side and also diagonally as at present. Where the walks converge in the center a fountain would be erected. A circular walk would be located about midway between the center and the sides.

These walks are to be of gravel similar to those of Golden Gate park. It is desired if possible to have the board put down cement walks around the border of the park. The ladies without solicitation have already secured a neat sum of money to be used in purchasing ornamental iron seats to be placed around the circular pathway. The park would be lighted with arc lights. The plan is a very pretty one and it is to be hoped that the board will cooperate with the Saturday afternoon club and that the only park that Ukiah possesses will be put in a creditable condition. The board took the matter up Monday night and has ordered a part of the work done.

MARRIAGE LICENSES ISSUED

The following marriage licenses were issued during the week. Clarence Lee Phillips, age 26, and Crystal Delia Wilson, age 21, both of Upper Lake; Ralph Vernon McCombs, age 20, and Mabel Arrilla Begley, age 18, both of Covelo; John Fredson and Alma Carlson, both of Fort Bragg.

DRUNKEN INDIAN USES HIS RIFLE

Jim Stevens shot and seriously wounded John Reilly at Covelo on the 10th. Both are Indians and Stevens, who had imbibed too freely, had determined to kill his wife. He got his 30 rifle and started out to find her. She saw him coming and succeeded in getting hold of the gun and was wrestling with him trying to get possession of the weapon when he fired. The bullet struck Reilly in the right leg shattering it badly.

Stevens was arrested and bound over on a charge of assault with a deadly weapon with intent to commit murder. Dave Jamison brought him down Tuesday and lodged him in the county jail where he will await trial.

MODERN RANCH BUILDINGS

Wallace & Melone are having a modern bungalow built on their ranch in Redwood valley. The building will be located in a beautiful grove of oaks and will be 44x55. Three modern barns will also be erected. Contractor Frank La Porte has charge of teh work.

HORTON PUNISHED FOR OTHERS GUILT

The report that Harry Horton and his roommate Crawford were suspended from Stanford as they appeared in the daily news papers appear to have been exaggerated. It appears that the boys were absent from the dance the night the boozefest took place in their room and they knew nothing about it. Some of the other classmen had borrowed their room for the purpose without their there knowledge. At the investigation Horton and Crawford refused to squeal and so nominally were punished. This however will not affect their standing in the university as the authorities know that they were not to blame. Horton is a Ukiah boy and is well liked here and his friends know him well enough to know that he had nothing to do with the disgraceful occurrence. Both boys are very popular at the university and their friends dealt rather roughly with the editor of the college paper that was responsible for the fuss.

I O O F OBSERVE ANNIVERSARY

The ninety-first anniversary of the establishment of Odd Fellowship in America was observed by Ukiah Lodge, number 174, Tuesday night by the conferring of the third degree on five candidates. Ukiah lodge is one of the wealthiest lodges in the county and there is a steady growth in the membership.

The remains were brought to this city and the funeral was held from the residence of his brother, Charles Bartlett, Wednesday afternoon at 2 p. m. The deceased was born in Tennessee, March 28, 1830. He had been in poor health for a number of years.

NEWSY NOTES FROM CORRESPONDENTS

COMFORT, Apr. 26—Everything is progressing nicely in Comfort City. The small shower which occurred Tuesday was of much benefit to the farmers. We'll have grass like tall trees pretty soon if these rains only come oftener.

One of the largest snakes ever killed in Mendocino county was killed near Mr. Roper's place a few days ago. It was killed by Miss Alice Crispin and Miss Irma Roper. It is pretty early for rattlers. The mountaineers will have to be careful.

Mrs. I. B. Crispin and Miss Clelia Gilmore depart for Willits next Sunday. Mrs. Crispin will visit her sister, Mrs. Bowen, and Miss Gilmore will attend Institutr.

Livy Campbell will leave Comfort Tuesday to go shearing near Boonville.

Arthur Crispin stopped over night in Comfort City on his way to Yorkville. We wonder who "she" is.

Miss Bessie Wheeler, of Point Arena, is staying with her grand-parents, Mr. and Mrs. C. H. Roper and attending the Mt. View school. C

Miss Hazel Crispin is just recovering from a serious attack of the grippe.

BOONVILLE, Apr. 26—On last Sunday a baseball team from Ukiah favored us with a visit and played our second nine on the home diamond. The game was pretty well played, the visitors showing that they are composed of good material the home team from preparatory practice proving the winners by a score of 7 to 3.

The former graciously accepted their defeat and found no fault with the rulings of the umpire, Walter McGrath. The Ukiah boys were first to the bat and Manager Bivans of the home team sent L. Ornbaun to the box for six innings with R. York behind the bat, J. Bivans and A. Jeans doing the respective honors for the rest of the game.

Van Dyke pitched and Binkley and Bailey caught for the other nine. Two double plays were made, one by R. Caughey at second to Gibson at first, for Ukiah, and one, R. York to T. York to S. Duff at first, for Boonville. Caughey, Tarwater and Berry made some fine plays. X.

WILLITS, April 27—Mr. Clark, who has a sub-contract on the railroad extension from Willits to Eureka, went down to the city Monday and returned on Friday, bringing some more workmen for the railroad. Mr. Clark reports that the road is finished for a distance of about 2 1-2 miles from Willits.

Miss Sallie Duvall, of Maryland, passed through town last Friday on her way to Covelo, where she has been engaged as teacher in the Indian school.

Mrs. Emma Long, who went to Oakland to attend the State Sunday School convention, returned last Friday. She reports a great convention in point of interest and enthusiasm, and that there were about 1600 delegates in attendance.

AT THE PASTIME THEATRE

The change of program at the Pastime is one of the best ever shown here. There will be five feature pictures, a new duet by Mrs. Yakel and Mrs. Clayton, the Pastime's popular singers, and new piano selections by Willard E. Wagner, late musical director of the Chas. Orr Musical Comedy Co., and of the Margarita Theatre, Eureka. Five Pictures, an illustrated song and piano selections all for 10 cents. Think of it.

W. P. White spent several days in San Francisco this week attending the meeting of the Handley's resort company.

Mr. and Mrs. Frank R. Perkins left this morning for Portland after a visit of several weeks with Mr. and Mrs. Frank Perkins. Frank was enjoying the fishing and intended to stay longer but the city editor of the Oregonian happened to be called to San Francisco and visited him in this city and persuaded him to return.

WETS AND DRYS WILL CONTEST IT AGAIN

The first one of the precincts that has gone dry in this county to ask for another election on the matter is Caspar. A petition has been filed with the clerk of the board asking that the matter be resubmitted. Out of a registration of 179 voters 69 have signed the petition. The result of this election will be watched with interest by both the wets and the drys.

As the May meeting of the board is the one at which these petitions must be acted on several other dry petitions have been filed. While Covelo has not yet a petition in it is understood that one has been circulated in that section and that it will be here in the proper time. The petition from Gualala has 10 signers out of a registration of 38; Blue Rock 6 out of 21; Manchester 33 out of 77; Sanel 68 out of 224; Gowan precinct in Anderson valley was formed this year and so it is not known how many voters it will have. The dry petition is signed by 24 registered voters.

The wets still have a chance to file a petition to have the board call an election, otherwise these precincts will go dry for the asking.

TRAIN TIME CHANGES SUNDAY

The summer time table goes in effect on the local railrood Sunday morning, and the train will leave here for San Francisco at 6:25 and the afternoon train at 3:05. ANNUAL FIESTA AT THE CITY OF ROSES

Great preparations are being made at Santa Rosa for the annual Rose Carnival to be held in that city May 5th, 6th, 7th and 8th. Miss Lillian Rosenberg has been chosen as Queen of the Carnival and has selected for her maids Miss Gertrude Gaopues, Miss Ruth Overton and Miss Englina Ward. A good program has been arranged including the crowning of the Queen, the floral parade, the illuminated night parade, dedication and formal acceptance of Sonoma county's magnificent new court house, automobile races, and as a fitting finale for the great list of events there will be an aviation meet.

Ben Noonan was in Ukiah last week putting up Carnival posters and Wednesday P. H. Quinn was in town boosting for the great fiesta. The parade on Saturday will be the largest that has ever taken part in a Santa Rosa carnival and there will be many beautiful floats entered by the enterprising citizens of Santa Rosa and neighboring towns. The store fronts and streets will be decorated in red, green and yellow, the Carnival colors.

The Northwestern Pacific railroad company will put on excursion trains from the north and south, and preparations are being made to properly entertein the thousands of people who will visit that city during the week. The special train will leave Willits Saturday morning, May 7th at 7:10; Ukiah at 8:25 and Hopland 8:46. The round trip ticket from Willits will be $1.50 and from Ukiah and Hopland $1.00.

The aviation meet is creating much interest, as the bi-plane that will be used was made in Santa Rosa by Fred Wiseman. Ben Noonan, Don C. Prentiss and Mr. Peters. The big machine will be on exhibition during the first three days of the Carnival on the corner of 4th and Mendocino streets. Messrs. Wiseman and Peters will be present to explain the different parts of the machine, and on Sunday there will be an aviation meet.

Quite a number from this city intend to "take in" the Carnival and reports from Willits are that their city will be well represented. The members of the Ukiah Auto Club will have a club run from Ukiah to the Rose City and at least twelve or fifteen machines will go down from here.

J. H. Christie has bought the Dr. Bates place north of town. The sale was made by Elder & Ganter through their agent, B. A. Angle.

MUSINGS

BY ELIZA VEEDER DOW.

Keep young; keep cheerful; keep yourself in readiness to go to picnics; get on your spring togs and skip out among the children and play with them; romp around and get out of the serious grooves that are grinding your soul and making you cranky, morose, too serious and lonesome.

Why, children will give you more joy than the moving picture show; a lot of boys and girls with some sleds on a hillside will give you the lively time of your life; just be more cheerful and pay more attention to the things that make children happy.

Each and every soul has some call, unspoken, unsaid, silent and powerful; each man woman and child hears, feels and follows this call; each human being is lead by this call that has lighted a lamp on the altar of the soul.

Softly calls the voice at first and as years pass across the "unknown waters" and Columbus gives a "new world" to men; "our fathers brought forth a new nation" and Lincoln's call produced and consummated the "Emancipation Proclamation;" the "Battle Hymn of the Republic" was penned by Julia Ward Howe.

A great magazine was established by Orisen Sweet Marden and "Success" consummated another call.

All down the aisles of the earth we see a moving throng, each and all in that ever moving panorama, hurrying on to do the bidding of the voice that calls.

O the beautiful, immortal and soul stirring raptures that are hung in the temples of Peace! The broad fields of activities in which millions are still going on and working out new dreams! The great hopes that are rising like mountain peaks are the calls after infinite things!

Let us not trample the tender roots that spring up in the soul from the seeds sown by the heart's awakening.

GUARANTEES QUALITY

Best Meat

Is always found at the City Market. C. P. Smith, the proprietor, has been in the butcher business in Ukiah since 1873 and knows the business from the buying of the cattle to the cutting of the choicest portions for particular customers. The mere fact that he has been in business for 36 years is in itself a guarantee of the quality of meats he handles and that during all these years his customers have received a square deal. Thirty-six years in the business also insures that he knows the men who raise the choicest steers, the fattest hogs and the best sheep and he has standing contracts with them so that no matter what the weather conditions are or what the market prices may be his customers are insured the best meat at a reasonable price. If you have any doubt as to the value of 36 years expierence recall the many butcher shops that have been opened in Ukiah during that time and that have gone out of business for one cause or other. The only one left today under the same management is—

NORMAN PEASANTS.

Their Bread Is Made In the Stables by the Men.

A farmer's wife in the north of France may do a good part of the heavy work about the farm, but she never thinks of making the bread. That is man's work, and it is carried on not in the kitchen, but in the stable.

The Norman peasant eats an astonishing quantity of bread. He has little else except cider for his breakfast and supper, and it is a very important part of his noonday meal as well.

And such queer looking bread as it is! The "loaves" are as round and as palely yellow as the full moon. They are often three feet in circumference and eight or ten inches thick. Seeing one of them for the first time, you would be likely to take it for a huge cheese.

Breadmaking being only a monthly occurrence in a Norman household, the operations must be on a scale of considerable magnitude if the family supply is to be sufficient to last for four weeks. The dough is always mixed in a certain inclosed space upon the floor of the barn.

At other times cats, dogs and poultry enjoy the freedom of this space, but when breadmaking time comes these are evicted and the floor is swept—let us hope very thoroughly.

There is no dough pan or trough. The flour and water are poured together upon the floor, and the farmer and his sons or hired laborers beat the mass into the proper consistency with heavy clubs widely flattened at the ends until they look something like roughly shaped snow shovels. Then a lump of leaven is added, and the mass is given ten or twelve hours to "rise."

Next it must be kneaded, a process which is accomplished with the feet. Shod in heavy sabots, or wooden shoes—not the everyday shoes, which are painted black, but made of unstained whitewood—the men leap into the midst of the dough. They jump about with agility; they stamp and kick the spongy stuff; they dance clumsy jigs in it, the stiffening dough clinging tenaciously to their shoes. It is the hardest of hard work, requiring endurance as well as strength, and before it is time to stop more than one of the men will be staggering to and fro in the pasty mass, thoroughly exhausted.

The dough is allowed to rise a second time, is again soundly beaten with the flattened clubs, is then put into great round pans and baked in the massive brick oven which stands in almost every Norman stable.

The bread which results is firm, close in texture and rather dingy in color, sweet, but dry, and decidedly palatable even to those who have seen it made.

As the month draws to a close the outer crust becomes so thick and hard that it can only be penetrated by a saw kept for that purpose. But this horny shell has its use, for it keeps the interior of the loaf fairly soft and fresh, sometimes for several months.—Youth's Companion.

VICTORY THEATRE DETERMINED TO WIN

Manager Riffe of the Victory Theatre, will be here Sunday to stay for a week and install many late and valuable improvements in the city's favorite play house, among which is the exchanging of the electric piano for a pianola orchestrian attachment, with soft, sweet music. Also a new moving picture machine of the highest grade 1910 model, equipped with some of Manager Riffe's own inventions, making it the best in the world. Manager Riffe will also put a silver light screen on which to show the pictures, another of Riffe's discoveries. This new curtain cost $25. Manager Riffe has made arrangements to secure the very latest films, some of the pictures will be shown in Ukiah the same day they are shown in San Francisco. The Victory is the people's favorite, and is going to have the best in every respect regardless of cost, and the people of Ukiah know that when Mr. Riffe says he is going to do a thing, he generally does it. Why can not Ukiah have the best, because it can and will.

DRIVER INJURED IN INGLESIDE RACES

In the last event of the two day automobile race meet at Ingleside Sunday, and in full sight of over 10,000 spectators, William Nelson, driving a large Stoddard-Dayton in the five mile handicap, crashed through the heavy wooden fence bounding the mile track and was seriously injured. His wife was watching from the grand stand as the 24 year old driver met with his all but fatal mishap. His father, Fernando Nelson, was driving in the same race.

Nelson seemed to lose control of his big car as he speedily rounded a turn and the car shot down a steep embankment, piling up in a ditch. A. B. Bright Nelson's mechanican, was thrown twenty feet as the machine struck, but was tossed into a marshy spot. His left wrist was badly sprained and his right knee torn and bruised. The injured men were taken to a hospital in the Ingleside grounds where they were treated. Nelson is badly bruised and lancerated, but aside from possible internal injuries, he was not dangerously hurt.

Barney Oldfield, "the speed King" hung up a new mark Sunday in the mile, devouring the distance in 51.56 seconds, a second better than the time he made Saturday, when he set a new coast record. The Maxwell driven by C. O. King made a good showing in the races and was the winner of several events.

With a handicap of eight seconds, Ben Kerscher with his Darracq, winner of the Vanderbilt race, defeated Barney Oldfield in the Knox by one second. This race brought out some of the fastest driving ever witnessed on the Pacific coast, the German racing driver sending his big green machine around the course at breakneck speed in an effort to overtake Barney in the Knox. The two day race meet was a great success and large crowds witnessed the daring drivers as they sped around the course at the highest speed.

AUTOIS'S VISIT FORT BRAGG

A party of Ukiah automobilists visited the coast section last Sunday, leaving Ukiah in the early morning hours and returning in the evening. In the party were Mr. and Mrs. George Jamison and daughter and Lester Cox and wife in Mr. Jamison's Chalmers "40," and in E. B. Gibson's Buick were Mr. and Mrs. Gibson, Miss Jessie Stanley, Louis Hildreth and Chauffeur E. A. Gowan. Dr. Rea and wife, accompanied by Miss Esther Redwine, visited relatives at Mendocino. Dr. Rea is one of Ukiah's most enthusiastic motorists and says that his Reo roadster made the trip to Mendocino in record breaking time. They report the roads to be in good condition and expect to visit Fort Bragg again with their cars in the near future.

AN ECONOMICAL CAR

Roy Ward drove over from the coast in his new E. M. F. touring car Wednesday evening. He was accompanied by Mrs. Chappell, Mrs. Douglass, Attorney Louis Gonsalves and Roy Baker. The car ran from Point Arena, via Low Gap, on less than five gallons of gasoline.

MANY ENTRIES IN SANTA ROSA RACES

Secretary Don C. Prentiss of the Santa Rosa Automobile Association reports that he already has a number of entries in the two days racing events to be held at Santa Rosa during the Rose Carnival. Among them are some of the most powerful and fastest racing cars to be found and several of the best drivers in the state will pilot the big cars around the track. None of the names of the cars or the drivers have as yet been made public, and will not until next week when a complete list will be published. Some of the most prominent racing drivers of Los Angeles will be at the wheels of their favorite racing cars in the Santa Rosa meet, so that a person may look forward to some fast and exciting events.

The track has been rebanked so that it will be possible for the drivers to take the turns at a high rate of speed. The Santa Rosa track is recognized as the fastest mile dirt track in the world and the recent improvements have put it in better condition than ever before.

NEW VULCANIZING ROOM

The new vulcanizing room at Kellen & Gowan's garage is nearly completed, and they have just received their late model steam-electric vulcanizing machine. It is known as the Gwynn-Bacon Vulcanizer and was invented by a young man in Santa Rosa. They have recently been placed on the market and so far have been a great success. The base is large enough so that a large size tube or casing can be vulcanized on it and it will heat to the desired temperature in a few minutes.

W. P. Fuller drove his Franklin car down from his ranch at Gravelly valley the first of the week and spent several days in town. This is the first time Mr. Fuller has had his car out this season. He has ordered a new six cylinder Franklin, which will be delivered in a few weeks.

BUYS A PENNSYLVANIA CAR

Dr. J. F. McClure returned from San Francisco Wednesday evening in a large Pennsylvania touring car. The Dr. spent several days in the city looking over the different cars before making his purchase. The car is 50 horsepower, and is one of the largest machines in town. Frank Bryant of Santa Rosa drove the machine up for him and made the run from San Francisco in less than seven hours.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.
